WAATINGA

"WAATINGA" is a 40.55 ha or 100 acre productive farm located near the historic township of Glen Davis in the Capertee valley of NSW. This sale will be on a walk in walk out basis including machinery and tools required to run the farm. The property comprises a quaint 2 B/r log cabin home with verandah all round. The cabin is timber lined and airconditioned. Rain water storage and safe town water are plumbed to the home and pressurised by pump. It has a fantastic open screened fire in an open plan lounge/dining and kitchen. It has an ambience of its own that current owners have loved for 40 years. Currently running goats, the farm has predominantly run approximately 15-20 Cows and calves and owners sold progeny as vealers to Mudgee local market.

Livestock handling facilities for cattle and sheep/goats are on farm and functional. Shedding includes a 12mX7m shed with lock up bay, connected to mains power and a large hay shed for machinery storage and fodder. The property is very securely fenced into 7 paddocks for livestock containment and kangaroo exclusion. "WAATINGA" sits under huge escarpment of sandstone and looks north over the valley floor. It catches rain into 4 dams and vendors quote 30 inch rainfall for the last 18 years. Full TV and Wifi service is connected. The location speaks for itself. Truly stunning!
